I've been learning about this realm of software and web development, and have contributed meaningfully to real-world projects. And now, I'm on the lookout for long-term opportunities to evolve as a developer and contributing consistently to an organization's growth alongside fellow developers. Preferably remote, but open to any opportunity with amazing work culture.

EDUCATION

VIT University, Vellore

B. Tech. Computer Science
2021 - 2025

Delhi International School

Schooling- 1st to 12th
2009 - 2021

WORK EXPERIENCE

Tech and Design Lead

MyCycle / 2022 - Present

Twice created MyCycle's official website- www.mycycle.me. Once in 2022 and then in 2023. Designed the social media posts and professional documents. Also hired and managed tech as well as design interns.

MERN Stack Developer

Ethnus / Aug 2023 - Nov 2023

Contributed to multiple Full-Stack projects and developed an even deeper understanding of Web Development. Spent 100 hours and learnt coding collaboratively & agile development.

Researcher

VIT & McMaster Uni / 2022 - Current

Won the best research paper award on IoT + ML at ICACECS-23. Working on another paper about Teaching Methods for Recursion in collaboration with VIT and McMaster University, Canada.

Open Source Contributor

Multiple Organisations / 2022-Current

Found and resolved technical bugs in organizations like yaps, odigos, tailnext, etc on GitHub and helped improve overall functionality and user experience. Learnt to adapt best practices, navigating through codebases and write readable clean codes.
